

Avan Meditech Pvt. Ltd.

Avan Meditech leads the way in today's product innovation, customer service and quality product manufacturing. We form a team of highly dedicated and skilled people from engineers, innovators to doctors. Forging a right combination of youth and experience in our team, we manufacture medical equipment that are of highest standards with unmatched pricing.

OUR MISSION

Our mission is to identify and exceed the expectations of our customer by providing the highest level of quality and service. To constantly innovate and stride to beat our own standards is our core belief. We seek continuous improvement in everything we do. We will provide a safe workplace in an environment of open communication and teamwork. We will comply with requirements and maintain the effectiveness of our Quality Management System. Customers, suppliers and employees will be treated with honesty and respect.

Our success will be measured by our positive contribution to our customers, employees and communities, and by our recognition as a leading supplier of quality medical products.
